FAQs for Missouri Course Access and Virtual School Program (MOCAP)

In accordance with SB 603, students who have been enrolled full time in a public or charter school for at least one semester immediately prior may enroll part-time or full-time in the Missouri Course Access and Virtual School Program (MOCAP). Enrollment must be approved by Sturgeon R-V School District.

Any student that has been enrolled as a full-time student within the Sturgeon R-V School District for at least one semester is eligible to request MOCAP courses. Student may also be eligible if documented medical or psychological conditions have prevented public school attendance in the previous semester.

Sturgeon R-V School District is responsible for determining the eligibility of each individual student. The District may determine it is not in the best educational interest of a student to take the MOCAP course. The Sturgeon R-V Board of Education believes that when the preponderance of factors is equal, in-person and on-site instruction provides an advantage that is in the best interest of students. Some examples of why virtual instruction option might not serve the best educational interest of the student may include:

- Requested course is already offered at Sturgeon R-V School District
- Student has not been a full time student in Sturgeon R-V School District
- Student has been enrolled in a public or charter school for less than one full semester
- Student has not taken and/or passed prerequisite courses
- The requested MOCAP course does not count towards Sturgeon High School graduation requirements
- The course requested would cause the student to exceed the normal course load for the given semester
- The student is requesting a course to accelerate their graduation date
- The student has not demonstrated success in previous online courses
- The content of the course requires in person or on site instruction
- The student has a history of poor attendance
- The student has not demonstrated adequate ability to work independently

If a course request is denied the student and parent/guardian will receive in writing the reasons for the denial. The student or parent/guardian can then appeal to the Board of Education who will release their decision in writing within 30 calendars days.

It is the responsibility of virtual instruction vendors to provide accommodations for students with 504 plans or IEPs. Should a student's 504 plan or IEP call for special equipment or internet access, then the District will provide this support as outlined.

In order for students to maintain MSHSAA eligibility, all academic, social, and citizenship eligibility standards must continue to be met.

The cost of approved virtual courses will be paid by Sturgeon R-V School District. In addition, the District will monitor student progress and if adequate progress is not made, the District retains the option to cancel the course and return the student to on site courses.

Time, space, and computer/resource access required to complete MOCAP coursework is the responsibility of the student. Instructional support for all MOCAP courses is the responsibility of the selected course vendor.
